Dr. Pierce's Favorite Prescription

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly teminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," run-down or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nervine. "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervose excitability, irritability, nervous exhaustion, nervous prostration, neuralgis, hysteris, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commenly strandant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

tions, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "Favorite Prescuprion" and also that famous alterative, blood purifier and stomach tonic, the "Golden Medical Discovery." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

The trouble Mr. Hall, in Radford. The trouble grew out of an alleged insult to a young girl employed in the restaurant, which Mr. Hall resented by a sharp rebuke. O'Connor responded by slapping Mr. Hall on the face, and a fight followed. Mr. Hall's son, Irving Hall, who is a student of Richmond College, shortly after the trouble began pushed his father aside, according to Mr. Hall's account, and took the fight on his own hands. He was dragged off by a third party, however, when he had gotten O'Connor down. The next moment O'Connor was on his feet and fired on Mr. Hall, shooting him through the lungs. His condi-

Mr. O'Counor asserts that he did not insult the girl, who is a mere child. He also says that he did not slap Mr. Hall, but merely pushed him off, and that both Mr. Hall and his son jumped upon him, as well as a negro employed in the restaurant. He slso claims that shots were fired from the kitchen before he shot Mr. Hall. Although under arrest, O'Con-nor has not yet been given a prelimi-nary hearing. Bail has been refused O'Connor. He is badly beaten about the face and head, as was also Mr. Hall.

Under Ten Days' Option!

\$60,000.00 Common Stock of

Washington Luna Park Company.

To Investors:

In December, 1905, it was proposed to erect an amusement park near Washington, where attractions of the highest grade would be offered for the entertainment of the entire family. The proposition at once appealed favorably to some of the financiers in control of the Washington, Alexandria & Mount Vernon Railway Company, and some of those gentlemen, with other Pennsylvania capitalists, invested \$175,000.00, which was actually paid into the treasury of the Washington Lune Park Company, in cash, and an equal amount of common stock was issued by the company therefor. There were no books or preferred stock issued. No opportunity was given any Washington investor to participate in the venture, and, as gear as can be learned, no one in Washington was solicited to subscribe or buy any of the company's stock. Luna Park was built, the people about Washington have seen it, they can see it today, they are rapidly becoming acquainted with the park, and can, in a way, form their own ideas as to whether it is a profitable enterprise or not.

The Construction Work in Luna Park was done with a view to its permanency, and it is as well constructed as any amusement park in the United States. (See letter below.) The same financial interests which reorganized and put the Washington, Alexandria & Mount Vernon Railway Company on its feet watched the construction work, and saw to it that full value was given for the investment made.

The Management of Luna Park is in the hands of Mr. George E. Gill, a man of recognized ability, experience and integrity.

The Financial Affairs of the Washington Luna Park Company are controlled by Mr. John W. Pittock, its Secretary and Tressurer; and the large majority of the company's stock is now in the hands of Mr. Pittock and his Philadelphia associates, all of whom are connected with the Washington, Alexandria & Mount Vernon Railway Company.

During this year the Washington, Alexandria & Mount Vernon Railway Company invested \$200,000.00 in additional transportation facilities to accompant the public in reaching Luna Park (putting on eight new trains) and IN ENLARGING THE OUTPUT OF ITS POWER HOUSE IN ORDER TO FURNISH LUNA PARK WITH LIGHT AND POWER. The Washington, Alexandria & Mount Vernon Railway Company turnishes Luna Park with electric current at a cost a fraction under one cent for one thousand kilowatts, under an agreement now in force; and it leases the site of the park to the Washington Luna Park Company at a rental of \$2,500.00 a year. Such lease has nine years to run, and the Washington Luna Park Company has option to renew the lease for ten years at same rate.

All risks and dangers of construction have been passed; there is nothing prospective or uncertain about the vanture, The park is in full operation; it has paid all expenses and made money, notwithstanding an unusually wet season; and the present manager has the ability to make it pay 40 to 60 per cent next season.

The undersigned has secured a ten day option on \$60,000.00 of the capital stock of the Washington Luna Park Company, and he believes that he can dispose of it, at a reasonable profit, in small lots, for it is generally recognized that the day of the clean amusement park where women and children are safe from insult and annoyance, and where all can find every kind of good, healthy, clean amusement, and to that end he offers to sell, at any price bid therefor, provided no hid is for less than \$120,00 per share (par value \$100.00)

Frederick Ingersoll, President

Mr. Holmes Jones, New York.

Dear Sir:—In reply to your inquiry regarding the cost and character of the work done by this company at Luna Park, Washington, we would state that the contract therefor was awarded to this company at the price of \$175,000 00. Some slight changes and alterations were made in the plans, resulting in a slight allowance to the Washington Luna Park Company.

We have built parks at Pittsburg, Cleveland, Scranton and other cities, and are continually building amusement devices throughout this country, and nowhere is there a better built, safer or more substantial park than in Washington. Realizing that crowds must be expected our engineers have always heen extra-cantious in figuring the strain, both direct and lateral, in all construction work; and we point with price to the fact that devices we have built have carried millions of people, and they carry over a hundred thousand passengers every day during the season, and we have never had a casualty. Yours very truly,

Dear Sir: — Luna Park has been in operation sixteen weeks, ending September 16th, 1906, and during that time has experienced 29 rainy in August, besides many in June and July, nevertheless the income to the date mentioned has been very gratifying. The Treasurer's

days in August, besides many in June and July, nevertheless the income to the date mentioned has been very gratifying. The Treasure of office is in Philadelphia, and we have no record of gross receipts by disbursements here.

To aid you to arrive at a fair, yet conservative, estimate of the profits LUNA PARK will make during next season I would advise you that you will be safe in figuring current expenses at \$3,500.00 a week (this week's expenses will be \$3,300.00, approximately), and the income can safely be figured at \$7,200.00 as the weekly average for a period of eighteen to twenty weeks a season. Yours truly,
